Have you ever completed a huge puzzle ...

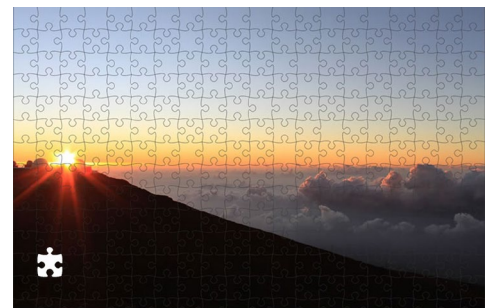

only to find one piece missing? It's just one piece out of a thousand but even if it's just a small corner piece, the gap becomes the most noticeable part of the puzzle.

It's easy to see ourselves as unimportant in this world. What we do sometimes seems small, in the shadows, insignificant, just one tiny piece in a thousand. Who'll even notice if I don't show up, if I don't do my part, if I just fade away, if I stop giving, stop helping, stop sharing?

But like the puzzle piece, you have a part to play and no one else fits into that place as beautifully as you. You were uniquely designed to fit right there. And only when every piece is in place does the complete beautiful picture emerge. I can't shirk my duty even if it seems small or insignificant because I am part of a bigger "whole" – a picture God is creating.

In our case, the picture the Lord is creating through me, you, our missionary friends and thousands of others around the globe, is to see His kingdom come and His will done on earth as it is in heaven. Each of us has an essential part to play.

Thank you for your faithful and generous participation that is making this picture a reality one heart at a time every day.

MY PIECE MAY SEEM SMALL
IN THE PLANS OF GOD'S HEART.
BUT THE PICTURE'S NOT FINISHED
TILL I DO MY PART.
